"Sin and God's Never Ending Forgiveness—Part 2 Reconciliation"

1. Let's discuss the different stages of confession—examining your conscience; confessing your sins and absolution; penance and "to avoid the near occasion of sin" going forward.
2. How do you define a good confession? What makes it good for you? Or not so good?
3. Why don't people (you) go to confession more frequently?

Homework Assignment

Let's set as our goal going to confession at least once a season (winter spring summer and fall) and try to stay with it each year.
